About This Game

FREEDOM DEFENDER

Your country is in danger! Foreigners want to invade it. Lead the noble citizens of the United Freedom Country of Anshles (UFCA) to stop the filthy enemies of Liberty who come from all around Planet Dearth – some of them may be even from outside it!

Freedom Defender is a satirical tower-defense game which includes many references to today's political reality.

Features

- Full campaign containing 40 levels
- 20 types of units under your command
- 40 types of enemies who will try to invade your country
- Different difficulty levels
- Endless survival mode
- Different minigames based on gambling, driving vehicles and old-school shooting
- Free beer and cheeseburgers
- And FREEDOM!

Attention! Any actual names, events and likenesses are entirely fictional and are used in fictitious and parodic manner. Any resemblance to real life is completely random. The authors of the game in no way encourage the behavior demonstrated in the game, and do not call for its repetition. Players' interpretation of the in-game-content may differ from the developers' idea.

Developers of the game have no purpose to insult someone's racial, national, religious, gender and/or other feelings.

Freedom Defender is a pretty direct ripoff of Plants vs Zombies, and unfortunately the racist "humor" falls about as flat as the poorly tuned gameplay.

I got this game for \$0.49 and can't recommend paying any money for it. Get your racist memes for free elsewhere, folks (if you really must).
